- Being promoted to a Technology Content Strategist Position at VIDIZMO, my responsibilities were to:
- Develop content strategy after researching the product's target audience including healthcare organizations, construction firms, educational institutions, and international governments -, defining

content goals, planning content types and formats, while developing content calendars, • Create high-quality content compelling the audience to engage with informative knowledge • Ensure technical accuracy and clarity by fact-checking information, ensuring technical accuracy, and translating complex tech concepts to understandable language.

- Incorporate SEO best practices by researching relevant keywords, optimizing content for search engines, and maximizing organic traffic.
- Promote content across related B2B channels,
- Track key metrics such as website traffic, engagement rates, lead generation, conversions, and other metrics to analyze content performance and effectiveness,
- Identify vital metrics to identify which content works best in achieving the marketing team's goals,
- Work closely with marketing, sales, product, and design teams to ensure content aligns with overall business objectives,
- Lead and manage design teams, and content writing teams by assigning tasks, providing feedback, and ensuring content deadlines are met,
- Keep updated on industry trends while continuously learning new technologies to ensure content remains relevant and informative.

VIDIZMO LLC - Content Writer – Tysons, Virginia, United States of America Duration: March 2017 to January 2021

My responsibilities at the Tech Giant included:

- SEO optimization: Researching relevant keywords and optimizing content for search engine visibility, ensuring organic traffic, thought leadership and qualified leads,
- Understanding Buyer Personas: Tailoring content to specific user, needs, addressing pain points, and highlighting the value proposition of the SaaS product,
- Clear and concise writing: Ensuring content is easy to understand, engaging, and valuable for target readers,
- Collaboration with Sales and Design Teams: Understanding campaign goals and aligning content with overall marketing strategy, accompanied with visually appealing designs, • Strong research and writing skills with a data-driven approach,
- Excellent communication and collaboration skills,
- Staying up-to-date on industry trends and SaaS marketing best practices,
- Familiarity with content management systems and analytics tools.

Gaditek - Affiliate Marketing Associate for KillPing – Karachi, Sindh, Pakistan Duration: September 2016 to March 2017

As an Affiliate Marketing Associate for Gaditek:

- I persuasively communicated with users and prospective influencers of the company's gaming product to select and research suitable affiliate programs,
- I identified and recruited potential affiliate partners (publishers, bloggers, influencers) relevant to the target audience,
- I created compelling and engaging content (blog posts, social media posts, videos) that promotes the offered product or service and drives click-throughs to the affiliate links,
- I tracked and analyzed content performance to understand user engagement and optimize effectiveness,
- I monitored affiliate program performance through conversion tracking and analytics tools. • I

generated reports and presented data insights to stakeholders, including campaign performance, traffic sources, conversion rates, and revenue reports.

- I used data analysis to identify trends, optimize campaigns, and improve the ROI of affiliate programs.
- I stayed updated on industry trends and best practices in affiliate marketing. Exploring the latest and innovative affiliate marketing strategies and channels was essential for ideal performance at Gaditek.
